Boston Public Schools,
Office of Board of Superintendents,
Mason Street, July, 1917.

This document comprises the twelfth list of candidates eligible for appointment to permanent positions in the public day schools of Boston, revised and completed to date. It contains the names of all candidates included in the list issued in July, 1916, who have not yet been appointed to permanent positions in the service, and whose certificates are still valid, with the exception of those who have asked that their names be omitted from this list. It also contains the names of persons who have successfully passed examinations held since that date, including Boston Normal School graduates of June, 1917.

Graduates of the Boston Normal School prior to June, 1917, whose names are entered in this list, have been regraded by the Board of Superintendents in accordance with the rules of the School Committee (section 141, paragraph 2), and their present ratings supersede those given in the 1916 list.

CLASS-ROOM INSPECTION OF CANDIDATES FOR CERTIFICATES OF QUALIFICATION.

The plan for the class-room inspection of candidates for certificates of qualification, established in January, 1913, has been continued, and all candidates certificated this year for permanent day school service have been visited in the class room by a member of the Board of Superintendents, with the exception of those whose original examination included a demonstration lesson, and with the further exception of one candidate for the IV. High School certificate who was situated too far from Boston to make visitation practicable. The results of the class-room demonstrations are given weight in determining the credit to be allowed for "Experience in Teaching."

ASSISTANT NURSES.

This document also contains the names of candidates for appointment as assistant nurses in the public schools. The regulations of the School Committee with respect to the appointment, reappointment, assignment, transfer, removal, tenure of office, and marriage of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

APPOINTMENTS FROM THE ELIGIBLE LISTS.

Except as hereinafter provided, no person may be appointed to a permanent position as a teacher or member of the supervising staff whose name does not head the proper eligible list and who is willing to accept such appointment; provided, that if in the opinion of the Superintendent there is good reason why such person should not be appointed, he shall so certify to the Board, whereupon the same procedure shall be followed with respect to the second person on the list; but the person appointed shall be one of the first three on said list willing to accept appointment.

These restrictions do not affect the promotion of a permanent teacher to a higher rank in a school of the same class as that in which the teacher is already employed.

APPOINTMENTS NOT GOVERNED BY ELIGIBLE LISTS.

Appointments as principal of a school or district, as director, associate director, or assistant director of a special subject or department, as supervisor or assistant supervisor of a special subject or department, as teacher in the Normal School, as instructor of military drill, as medical inspector of special classes, as supervising nurse, as temporary teacher, as substitute, as special assistant, as teacher in the evening schools, are not governed by the eligible lists.

AGE LIMITATION.

No person may be appointed as a teacher or member of the supervising staff in accordance with the provisions of the foregoing paragraphs to take effect later than the thirtieth day of June following the fortieth birthday of such person; provided, that this limitation shall not affect the promotion of a permanent teacher to any position in the public schools, nor the validity of certificates issued prior to January 1, 1909.

DATES OF CERTIFICATE EXAMINATIONS.

The Board of Superintendents annually conducts examinations of candidates for appointment as members of the supervising staff and as teachers in the public schools.

The 1917 examinations for evening school certificates will be held on Tuesday, September 4, at the Boston Normal School-house, Huntington avenue, near Longwood avenue.

The 1918 examinations for day school certificates of qualification will be held during the week beginning January 28, at the Boston Normal School-house, Huntington avenue, near Longwood avenue.

Other examinations may be held whenever, in the opinion of the Superintendent, the needs of the schools require.

CITIZENSHIP REQUIREMENTS.

The Board of Superintendents shall not admit to certificate examinations persons who are not citizens of the United States, nor, in the case of women, unless they have filed their declaration of intention to become citizens.

RE-EXAMINATION FOR CERTIFICATES.

A person taking more than one examination of the same class is rated on the eligible list of that class solely upon the results of the latest examination; provided, that holders of the certificate of qualification IV. High School and the certificate XXV. Junior Assistant, Day

High Schools, may, by re-examination, obtain a rating in more than one group under said certificates; and provided, further, that if a person holding a valid certificate of qualification shall be re-examined for a certificate of the same grade and shall obtain a rating lower than that held at the time of such re-examination, he may, in the discretion of the Board of Superintendents, retain his original rating, with date of expiration of certificate unchanged.

Detailed information with regard to examinations may be obtained in advance by application to the Secretary of the School Committee.

REMOVALS AND RESTORATIONS OF NAMES FROM AND TO ELIGIBLE LISTS.

The names of persons holding certificates which include certificates of a lower grade may, upon request, be included in the eligible list of such lower grade or grades according to the rating of such holders of certificates in their respective examinations, but they shall not be entitled to a higher rating on such lower list or lists by reason of their holding higher grade certificates.

The names of persons appointed to permanent positions in the day school service are removed from the eligible lists.

A person whose name appears upon the eligible lists may, upon request, have the same removed therefrom at any time, and may have it restored to the next eligible lists in June of any year during the life of the certificate, upon written application, with the same rating as before; or, if a graduate of the Boston Normal School, with such re-rating as the Board of Superintendents may determine; provided, that such restoration shall not operate to extend the original period for which the certificate is valid.

The names of persons appointed as substitutes, temporary teachers, special assistants, or as teachers in the evening schools, are not removed from their respective eligible lists because of such appointment.

The name of any person who has refused three offers of permanent employment shall be dropped from the eligible list for the current school year. The name of any person who has failed of appointment on three separate occasions when another person on the same list has been selected and appointed, shall be removed therefrom and shall not be restored thereto except by another examination.

CHANGE IN RATING.

Persons whose names appear on any eligible list and who desire to have their ratings changed, may have this done by passing another examination.

NORMAL SCHOOL GRADUATES MAY OBTAIN RATING UPON OTHER LISTS.

Boston Normal School graduates may obtain positions on the regular Elementary, Class B list by passing the prescribed examination. In that event they will be rated on the "Examined List" according to the results of such examination, and their names will be removed from the list of holders of Normal School certificates.

EXPIRATION AND REVOCATION OF CERTIFICATES.

Certificates issued on examination after June 1, 1906, cease to be valid on the thirtieth day of June of the sixth year following the date of issue; provided, that no certificate shall remain valid after the thirtieth day of June next following the fortieth birthday of the holder thereof, except as hereinafter specified. This limitation as to age does not affect the validity of certificates which do not render the holders eligible for appointment to permanent positions as members of the supervising staff or as teachers in the public schools, nor the validity of certificates issued to permanent teachers in the public schools.

Certificates issued on examination prior to June 1, 1906, ceased to be valid on the thirtieth day of June of the second year following the date of issue, except as hereinafter provided.

* Certificates issued to graduates of the Boston Normal School prior to June 1, 1906, ceased to be valid June 30, 1912, except as hereinafter specified.

* Certificates issued to graduates of the Boston Normal School after June 1, 1906, cease to be valid on the thirtieth day of June of the sixth year following the date of issue, except as hereinafter provided.

Certificates issued on examination prior to June 1, 1906, and valid on that date by reason of renewal or of service in the Boston public schools, ceased to be valid June 30, 1908, except that regular high school certificates held by teachers serving during the year ending June 30, 1906, in permanent positions in the elementary day schools of Boston, ceased to be valid June 30, 1912, except as hereinafter provided.

The validity of certificates issued prior to June 1, 1906, which include positions in day schools of a different class, but which also include the position in which the holder thereof is employed, expired with respect to such day schools of a different class on June 30, 1912; nor does the validity of any certificate issued after June 1, 1906, extend beyond the thirtieth day of June of the sixth year following the date of issue by reason of the service of the holder thereof in schools of a different class than that in which the holder is employed.

All certificates under which appointments are made to permanent positions in the day school service, and certificates of a higher grade, but including the position in which the holder thereof is employed, remain valid with respect to the class of schools in which the holder thereof is employed during the term of such service.

All certificates, except those under which appoint-

* By action of the School Committee on April 22, 1912, the validity of Normal School certificates issued in June, 1906, and prior to that date, was extended to June 30, 1913, with the distinct understanding that under no circumstances shall the validity of other certificates as now determined by the rules be extended.

ments are made to permanent positions in the day school service, cease to be valid when the names of the holders are removed from the eligible lists.

Any certificate may be revoked by the Board of Superintendents if, in its opinion, the good of the service so demands.

TEMPORARY CERTIFICATES AND LICENSES.

All certificates are non-renewable, but the Board of Superintendents may issue instead thereof temporary certificates or licenses under such conditions as that Board may determine, which entitle the holders to serve in temporary positions of such rank and in such schools as may be specified.

Temporary certificates are valid for such length of time as the Board of Superintendents may determine, but not beyond the thirtieth day of June of the sixth year following the date of issue. Licenses may not extend beyond the thirty-first day of August of the second year following the date of issue.
